## ALTA. PRESS ASSOC. HOLDS ANNUAL MEET. OFFICERS ELECTED

Editors are, after all, human beings, and for that reason usually enjoy to the full anything in the shape of a holiday. The annual convention of the Alberta Press Association which was recently held in the city of Vernon, B. C. proved to be much more than the word describes—it was a change, a relaxation, a rest from everyday editorial worries, and without it was a revelation. The beautiful Okanagan Valley—possibly one of the finest fruit-growing centres of the whole Dominion—was at its best, and no stone was left unturned by the visitors (both B. C. and Alberta editors having arranged their annual meetings there jointly) to get the full enjoyment of the valley which has been so wonderfully blessed by nature.

So far as the gatherings were concerned, the Alberta members under the presidency of W. Huntington, Wainwright Star, put through a lot of business leading to the advancement of the profession, as did also the members of the British Columbia and Yukon association directed by President L. Ball, Vernon News. While joint sessions were held in addition when addresses of interest to all were delivered by such well-known newspaper lights as Mr. J. M. Imrie, Edmonton Journal, on "The Weekly Newspaper's Opportunity," Mr. F. W. Galbraith, Red Deer Advocate on "Handling Govt. Advertising," Mr. B. Cowan, Vancouver, "Cost Finding," and Mr. W. Brand, "The Way Out." An added feature of the convention this year was "The Question Box," which was handled by Mr. W. Huntington, and in which the editors explained to one another the way they individually met the problems upon which advice was sought.

The election of officers for the ensuing year took place before the close of the sessions, and those for Alberta now consist of:—J. Mackenzie, Standard, Strathmore, president; J. T. Gorman, Herald, Lethbridge, and J. Housiaux, Review, Corvallis, vice-presidents; L. Nesbitt, Mail, Bassano, secretary; with Messrs W. Huntington, Star, Wainwright; J. Imrie, Journal, Edmonton; G. Gordon, Herald, Ponoka; L. D'Aubertson, Chronicle, Chauvin; and Mrs. A. Derrett, Echo, Pincher Creek as the executive committee.

After two strenuous days of business the party to the number of about 125 turned their attention to pleasure and sight-seeing, and the manner in which the valley towns and cities exerted themselves to make the affair such a memorable one is worthy of comment. Automobiles were in readiness at Vernon for a drive through the wonderful orchards, after which the visitors were driven to the Country Club quarters on Kalamalka lake where the local Council of Women and the members of the Vinny Ridge Chapter I.O.O.F. arranged supper which was served on the Club lawn. The setting was ideal and the evening perfect for such an occasion. Full justice was done to the splendid meal which was set before the party and the visitors could hardly find words to express their appreciation of the hospitality which was extended to them.

A very pleasing impromptu feature was the community singing on the lawn, following which devotes of the "light fantastic" repaired to the club pavilion where the sweet strains of a delicate orchestra entwined proceedings till midnight.

On the following day, through the kindness and consideration of Mr. F. Trautman, publicity agent of the C.P.R., the S.S. Okanagan was placed at the disposal of the party for a trip down the lake, and this was made even more attractive by stoppages at Kelowna, Summerland and Penticton; at each of these places, motor cars being in readiness to convey the visitors through the wonderful (Continued on page six.)

Now that the tax notices are out it behooves every good citizen to save himself that 10 p.c. discount. Pay up; the town needs the money!

## LOCAL NOTES

Remember that having your license at home won't suffice. Carry it with you when out "gunning."

Adolph Dreger brought in a couple of loads of his 1922 wheat this week which graded No. 1 northern. Good boy. Addie!

Mr and Mrs J. Richardson, Mr and Mrs Bateman and Miss Ada Wiley have returned from their visit to Toronto where they took in the big National exhibition.

Mrs J. Milner has left to spend a couple of weeks in Edmonton.

We regret to know that there is scarlet fever in the R. Coffel home.

Mr H. L. Hoegh was a business visitor to the city at the week end for a couple of days.

## MR. W. J. REID

### OLD-TIMER HERE PASSES TO REWARD

It is our sad duty this week to chronicle the passing to his reward of one of Wainwright's old-timers in the person of Mr. William John Reid. For many, many years the deceased farmed in the Dolcy district, although owing to his continued ill health the family moved into town some time ago. He was one to whom continued hard work seemed a pleasure and no doubt this told on his constitution, heart failure and valvular trouble being the ultimate cause of his demise on Friday last, at the age of 37 years, the day of his death being also the anniversary of his birthday.

The funeral was conducted at the house on Sixth avenue on Sunday afternoon, the service being in charge of Rev. Bosworth and Capt. Gardner of the Salvation Army, when a large number of friends assembled to pay their last respects. The following old-timers acting as pall bearers:—Messrs C. Itsted, S. Bowerman, Geo. Davey, Eph Mills, E. A. Deyell and Alb Mills, (of Peterborough, Ont.).

The sympathy of the community is extended to the sorrowing widow and her two daughters, Mrs. T. A. Carbert and Miss Josephine Reid, as well as to four brothers of the deceased—Robert, Charles, Richard and Edward who are residing in New York State.

The McLeod undertakers were in charge and interment was at Wainwright cemetery.

## CARD OF THANKS

Mrs W. J. Reid and her two daughters wish to sincerely thank all neighbors and friends for the kind expressions of sympathy and beautiful floral offerings during their sad bereavement.

## NEW PROVINCIAL BRAND ACT IS NOW IN FORCE

Commencing the first of this month the new brand act was put in effect, and for the purpose of interpreting it, S. G. Carlyle, provincial live stock commissioner, was down from Edmonton.

By the tariff of fees it will be seen that the inspections are lowered, and also that the country inspection has been done away with, except where cattle are to be shipped out of the province, when by giving the department five days notice, they may send inspectors down to look over the stock.

In the summary of the act most of the points of importance are covered. Shippers are particularly directed to the necessity of sending a proper description of the brands of their cattle in to the inspectors, as for each animal wrongfully described, there is a fine of \$25. The act says:

All stock upon entering and also upon leaving any public stock yard, or abattoir, or place where stock is held for feed, rest or sale, where there is an inspector, must be inspected by him.

Cattle cannot be loaded from

## GOVERNOR-GENERAL OF CANADA TO VISIT WAINWRIGHT ON SATURDAY MORNING

### Lord Byng of Vimy and Party Will Pay Official Visit to Town and National Park; Citizens, Returned Men and School Children Will Extend Welcome.

The special train carrying His Excellency Lord Byng and party will arrive in Wainwright on Saturday morning at 10 o'clock, and to this end, the Mayor has issued a proclamation declaring a short holiday so that all may join in welcoming our guests.

So far as arrangements are completed the Governor-General will be met at the train by the Mayor and Council, and an official welcome and address presented. The guard of honor will consist of returned men and the school children will sing "O Canada."

After the ceremonial at the depot, the party will motor to the park where they will be under the care of Superintendent A. G. Smith while its beauties and resources are pointed out to them.

Returned Men "Shun"  
There is not a "returned man" in the country but has the very greatest respect for their old chief-General Byng. It is generally known that he, as Baron Byng of Vimy, will visit our town on Saturday next on an official visit in the capacity of Governor-General of the Dominion of Canada.

Every ex-serviceman is earnestly requested to be on hand to give him the hearty welcome that he deserves, (and, indeed, has been receiving in every point on his trip through our great western country). He is not coming to our town on a "tour of inspection" as of old. All that is asked

## PROCLAMATION

I, Conrad Toland Lally, Mayor of the Town of Wainwright, by virtue of the powers vested in me, do hereby proclaim a Public Holiday within the Town of Wainwright on Saturday, September 16th, 1922 from the hour of 9.30 to the hour of 11.30 a.m. in honor of the visit of the Governor-General of Canada and party, and earnestly request all citizens to suspend business between the hours aforesaid.

C. T. LALLY, Mayor

## ONE SUBSCRIBER HAS ENTIRELY WRONG IDEA

We have received from a subscriber a letter refusing to renew a subscription on the following grounds:—"Before renewing, I have been waiting to see if we should get a wheat harvest this year, and as we shall not get one, we know the little crop we have this year will again be stolen from us. Therefore, I, as well as a great many more farmers, have decided not to spend a cent for anything but absolute necessities, as the less we can spend the harder we can make it for those who are beating us out of all we have got."

It is quite sad that anyone should have the idea concerning other people that is expressed in this quotation; and it is also that the failure to organize a wheat board should cause such a mental reaction in the mind of even one single farmer. There is nothing more miserable in life than to carry in one's mind suspicion and distrust of everyone else, and the man who imagines that other people are out to beat him is indeed an unhappy person. The occupation of farming, bringing one as it does close to nature and to divine forces, should broaden the vision and increase the charity of those who follow it. Unfortunately it sometimes seems that farmers suffer from an ingrowing mind which causes them to be unjust in their estimation of other classes in the community.

It is worth while to remember that people are not as a rule out to beat one another or to steal one another's goods or to do injustice to one another. The rule is the contrary to that. Most people desire to be reasonable and to be kind, and they sometimes fail and become unreasonable or unkind "it is because of failure, and not their role of life. Farmers would do well to remember that people in cities and towns are deeply interested in their prosperity and sincerely anxious that they should be prosperous. The unhappy sentiment of The Star subscriber does not, we trust, prevail among those who, like him, are guardians of the soil.

any yards where there is an inspector unless they have been inspected by him. No certificate shall be issued unless the shipper shows to the inspector a memorandum setting forth the age, sex, brand color and marking of each animal, and the name and address of the person from whom the same was purchased.

## "IF WINTER COMES"

As the Melville "Progress" says—All those who are in a position to take in early stocks of coal should do so this year, leaving the late arrivals of cars to be distributed among those who have no provision (in fuel) more than a couple of weeks' ahead of Mr. Jack Frost, who has already witnessed that he will be here as usual this winter. For over eight months—not a ton of coal has been mined in the Drumblair fields. Last week the strike came to an end, and about seven thousand miners in the Alberta coal areas are back at work. We are not sure what the eight months holiday was for, but no doubt someone won out; and as usual the public will proceed to pay for the little diversion.

## OLD ESTABLISHED LAW BUSINESS HAS NOW CHANGED HANDS

The law business formerly carried on by Mr. H. P. May, who came to town from Edmonton some seven years ago, has now been purchased by Messrs J. A. Mackenzie, L. L. B., formerly of Chauvin, and L. Cox, B.A., Ph.D., of Edmonton.

Mr. Mackenzie is already well known to many of the citizens of Wainwright and district he having been associated with Mr. May some years ago, while Mr. Cox has lately been associated with the well-known firm of Messrs Friedman and Lieberman, of Edmonton. He holds originally from Bowmansville, Ont., and is an Arts graduate of Toronto university, taking his degree of doctor of philosophy at the John Hopkins university.

We welcome the newcomers to our town and bespeak for them a share of the business of their profession.

## POSTAL DEPARTMENT WILL SOON CONDUCT C.O.D. SERVICE

Announcement is made by the postal department that C.O.D. service in connection with mail matter will become effective in the Dominion on October 1. The regulations under which the service will be operated are as follows:

On and after October 1, 1922, a C. O. D. service in connection with mail matter will be established within Canada whereby charges due the sender up to \$100 may be collected from the addressee and remitted to the sender.

## HON. PERRIN BAKER MAKES APPEAL ON SCHOOL PROBLEM

The Minister of Education, the Hon. Perrin Baker writes:—

For the past year, I have been studying the problems of education in Alberta, and my conclusion is that while we have a good school system, we are not getting from it the results we should. Many children leave school before they pass Grade VIII. This is largely due to irregularity in attendance and a failure on the part of the public in general to take an interest in the children and encourage them in their work. If the handicaps under which these children, who drop out, start life were recognized for the calamity it really is, this situation would be remedied at once.

"Appeal to the press of this province, to every fraternal organization, to the labor organizations, to the clergy of all the churches, to the U.F.A., to the women's organizations, to the business men's clubs, to the teaching and other professions to every parent and to every good citizen, to join in such a campaign for better education through regular attendance at school as will, in a few years, make possible for the people on the great plains of the south, the beautiful park country and the vast wooded stretches of Alberta, a fuller, richer, more abundant and more satisfying life."

"Grade VIII. for Every Child" must be our first objective. It can be reached, if we will but "use what we've got."

sender by post office money order. This service will apply only in the case of mail matter posted at a money order post office for delivery at another money order post office within Canada. Rural routes, starting from money order post offices for this purpose, considered as money order post offices and may be granted a C. O. D. service.

The C.O.D. fee also covers in the event of the addressee having paid the charges due on a C.O.D. article, and after examination of the same, desires to hand the article back and have money refunded, postage having been structured that such request in wise be complied with. "It is the duty of the delivering office to collect the amount due and remit it to the sender of the article," the announcement states, "and it may be explained in the circumstances and indicate that any objection to the goods received or desire for return of the money is entirely a matter of settlement between the addressee and the sender."

## LOCAL NOTES

Arrangements are being made to hold a big Bean Supper on September 23rd, when the L.A. of St Andrew's church will be responsible.

Mr. J. Loder, of Edmonton, is spending a vacation at the Dreger home south of town.

The Catholic Women's League of St. Luke's church announce a home cooking sale to be held on Saturday September 30th.

U.F.A. shipment of hogs and cattle on September 18th. Arrange your next shipment with J. E. Hill. Ship with us and get no suits.

Miss M. MacKillop, of Edmonton, is spending a couple of weeks holiday with her sister Mrs. A. Dreger.

## GUS APPELSTAM MEETS HIS DEATH ON THRESHING RIG

A sad accident occurred some 18 miles from town on Saturday whereby Mr. Gus Appelstam met his death.

It appears that the deceased was driving a team attached to a bundle rack while threshing was in progress, and the horses became so excited with the result that the lines were tangled. Mr. Appelstam walked between the horses on the tongue of the wagon to release the lines and had succeeded in grasping one of them when the team bolted.

He was thrown under the vehicle and the wheels passed over his back while he was broken. Dr. Middlemass was called, but the sufferer passed away owing to the severity of his injuries.

Mr. Appelstam has been a farmer in the Paschenau district for some four or five years, and was highly respected by all who knew him. He leaves a mournful loss a sister and brother-in-law, Mr. and Mrs. Chas. Johnson to whom the sympathy of the whole community is extended. The funeral which was held on Monday at Wainwright was in the hands of Rev. C. D. Bosworth conducting the last sad rites.

## CARD OF THANKS

Mr and Mrs C. Johnson wish to thank all neighbors and friends for the many expressions of sympathy extended to them in their bereavement by the loss of their brother Mr. G. Appelstam.

## IN LOVING MEMORY

COFFIELD—In loving memory of Orrin Coffield, who died September 13th, 1922.

One year has passed, our hearts still sore,  
As time flies past we miss you more;  
Your loving smile, your gentle face,  
No one can fill your vacant place.  
Your memory is as fresh today—  
As in the hour you passed away.  
—Father, Mother and Brothers.

The illustration farm in the hands of Mr. G. Boyd has now installed a new Massey Harris ensilage cutter. This is for pit silos only, there being no carrier attached. It can be hired for a small charge per day; see George Boyd.

Miss F. Osterland arrived in town from Edmonton on Monday to take up her duties in the new law firm of Mackenzie and Cox. Mrs. W. H. Housiaux, of Saskatoon, is a guest at the home of Mrs. A. Hoare.

## WHAT ARE YOU?

(By Douglas Malloch.)  
If you can't be a pine on the top of the hill  
Be a bush in the valley—but be the best little scrub by the side of the rill;  
Be a bush if you can't be a tree,  
If you can't be a bush, be a bit of the grass,  
Some highway to happier make.  
If you can't be a muskie, then just be a bass—  
But the liveliest bass in the lake!  
If you can't be a highway, why be a trail,  
If you can't be the sun, be a star;  
If you can't be what you win or you fail—  
Be the best of whatever you are!

## THE EXAMINER'S WEEKLY REVIEW OF PROV. MARKETS

(Thursday, September 7, 1922)

### CATTLE

Beef—Heavy receipts at Edmonton are being cleaned up well, but prices went a little lower last week-end. Choice heavy and light steers, \$1.25 to \$1.75; good, \$1.50 to \$1.75; medium, \$1.25 to \$1.50; common, \$1.00 to \$1.25. Choice cows and heifers, \$1.00 to \$1.25; good, \$1.25 to \$1.50; medium, \$1.00 to \$1.25; common, \$1.00 to \$1.25. Canners, \$1.10 to \$1.25. Bulls steady at \$1.75 to \$2.00 for tops; others, \$1.50 to \$1.75. Calves easier tone; choice veal, \$1.00 to \$1.25; medium, \$1.25 to \$1.50; common, \$1.25 to \$1.50. Feeders and Stockers—Eastern buyers active; choice feeders, \$1.25 to \$1.50; common down to \$1.25; stockers, \$1.00 to \$1.25. Stock cows, \$1.25 to \$1.50.

### HOGS

Edmonton prices have held steady all week, with last sales \$11 to \$11.50; market looks weaker.

### SHEEP

Good demand for sheep at Edmonton; lambs, \$9 to \$10; yearlings, \$6 to \$8; good to choice ewes, \$4.50 to \$5.50.

Some shovers have been experienced in Alberta during the past week, but on the whole it has been good harvest weather, and crops in some districts nearly all cut, while others, about half through. Wet weather in Saskatchewan and Manitoba has stopped the rush of wheat to market. Prices stiffened a little during the week; Liverpool was buying more freely. Export business, however, has not developed to extent which was anticipated, and they are evidently holding off until conditions in Europe become more settled.

### POULTRY

Business light and trading steady. Creamery Butter—Unchanged at 36c and 40c for cartons. Egg prices, basis specials, 34c to 34 1/2c. Dairy Butter—Scarce and price advanced; fancy table, 27c to 30c; No. 1, 26c to 28c; No. 2, 16c to 18c. Butter—Country receipts considerably reduced, partly due to lighter production, but some consumption taking care of milk, cream and butter. Eggs—Firm, extras now 24c to 25c; No. 1, 20c to 22c; No. 2, 15c; receipts light. Poultry—Prices unchanged; consumption taking care of most of receipts. No. 1 and No. 2, 12c to 14c; No. 1 and No. 2, 8c to 10c; old roosters, 6c to 8c; ducks, 14c. Not much movement in dressed poultry. Potatoes—New crop moving in small lots, quoted \$1.80 to \$2.50 cwt. Calf sales reported in south at \$25, for lots.

### HAY

Not much movement; upland, country points \$13 to \$18; green feed, \$13; new alfalfa cutting on this week. Looks like large supply of green feeds, which will

market prices not encouraging; U. S. farmers not buying much; lot of country hides offered; unless buying develops soon, prices look lower.

### HOW THIS MAN DID IT.

It is said that Devils Lake, is the best advertised city in North Dakota in proportion to population, and it is due largely to one merchant who has a general store. Customers come there from every direction, and the name of "Mann's" is a byword of the country. Side just as "Sears & Roebuck" is found throughout the United States, so is the name of Devils Lake. The population of only 5000 people and the other merchants are prospering due to the aggressiveness of one man. He probably does five times as much business as all the stores do but he also spends \$25,000 a year in advertising. In this paper advertising averages better than half a page every week in the year in both home papers and he uses papers in adjoining towns as well. Mann's competitors have found that they must play the game the same way and they do. It brings in the business and the mail order, evil which threatens the existence of many retail merchants is almost unknown there. The town is also exceedingly prosperous.—Ex.

## WORLD HAPPENINGS BRIEFLY TOLD

A severe earthquake wrecked Taihoku, Northern Formosa, Sept. 2, according to advices received at Tokyo.

The first snow of the season fell Sept. 7 in the Elk River Mountains, southwest of Helena, Montana.

Gen. Sir Pertab Singh, regent of Jodhpur State, British India, died suddenly on Sept. 4 of heart disease.

Unemployed at Glasgow created serious disturbances. They attacked more than fifty shops and looted the contents.

President Harding sent a communication to Congress asking termination of the present treaty with Panama, so as a permanent treaty can be drafted.

The late Prince of Monaco left for the French Academy of Agriculture his model farm at Sainte Suzanne, in the Alpes Department in France.

A Moscow message states that it is the intention of the Soviet Government to sell the crowns of the Tsars, which have been kept in the Kremlin.

Nearly four thousand farm hands were placed on Alberta farms during August, according to the monthly report issued by the Alberta Provincial Labor Bureau.

A syndicate which is promoting a steamship service between France and Ireland has bought a vessel in Amsterdam with accommodation for 250 passengers, in addition to cargo.

Louvain University Library is gradually being built up again. It already contains 261,000 books. In 1914, before the Germans set fire to the town, it contained 500,000.

A plot to kill the Rumanian Royal Family while attending the race during a festival has been uncovered and a number of former Hungarian army officers were arrested.

The Chinese Government has informed the Chamber of Commerce that the ordinance prohibiting enemy aliens in Hongkong, which expired on August 27, will not be renewed.

## The U.S. and Europe's Plight

The reluctance of America to hold out a helping hand.

We sit yawning on the bench and criticize the stroke of drowning nations. If our observers are accurate they must at each recurring conference report that continental Europe is drifting from bad to worse, with no relief in sight; the statesman of our lately associated nations almost at the end of their resources; civil war with anarchy and ruin to follow, audibly muttering around the corner. And we go on observing. As for holding out a helping hand, before it is too late, to our friends, our neighbors, our customers in trade, and our fellow-travelers of the garnered fruits of centuries of culture, that would be forming "entangling alliances," and is not to be thought of. Run Down People Weak and Nervous

Thousands in this condition can easily help themselves.

There are thousands of people who bear the pain and discomfort of minor ills in the hope that the indisposition is only temporary and will be outgrown in time.

Persons in such a condition are not serious enough to require the attention of a doctor, but will respond to intelligent home treatment.

Dr. Williams' Pink Pills for Pale People, a reliable remedy, will restore the blood to its normal condition, and once the blood is healthy, the body will soon show the benefit.

Among the many who have found relief through the use of Dr. Williams' Pink Pills is Mrs. Albert W. Smith, Missoula, Mont., who says:

"I was very much broken in health, had pain in the region of my heart, and was so short of breath that I could not do my work."

"I went upstairs to my room and lay down as soon as I reached there. Then a strange nervous twitching of the muscles took possession of me, and every muscle in my body would apparently be twitching."

"I became very enervated, and my face was much altered as to my condition. At this time I read an article in our home paper concerning Dr. Williams' Pink Pills and decided to give them a trial."

"The result was that in a short time I felt much improved, and under further use of the pills I felt like a new woman, had gained in weight and was in every way better."

"I am now as healthy as ever, and I would be anyone afflicted as I was to give Dr. Williams' Pink Pills."

You can get these pills through any medicine dealer or by mail at 50 cents a box, or six boxes for \$2.50, from Dr. Williams' Medicine Co., Brockville, Ont.

Prince Not Wealthy

Financial Demands Absorb Greater Part of Yearly Income

Although probably nobody will maintain that the Prince of Wales should be classed as a poor man, yet he is by no means as comfortably situated as many may imagine. It is true that his apparent income runs into about \$300,000 a year, but the financial demands upon him are so heavy that this sum is very considerably shrunk before he gets to the end of the year.

Incidentally, it may be of interest to know that, although parliament granted certain sums for the Prince's eastern tour, he was considerably out of pocket as a result of his somewhat extensive trip—Christian Science Monitor.

## Montreal Board Of Trade Perpetuates Maisonneuve

There is a striking monument in Montreal to Maisonneuve, founder of Canada's Metropolis. As in his lifetime, his thoughts were of the West, so does the monument to him stand today.

The sculptor has caught the spirit of the adventurous pioneer in the pose of the body and the head. Vision, courage, determination are plain to the observant eye and understanding mind.

Maisonneuve and the host of gallant men, and noble women who laid the foundation of the Canada of today, long ago embarked upon the greatest and best quest. But their faith in the land is as a living flame in the hearts of their successors. They see their country favored by geography and nature, a link between East and West, and extending almost 4,000 miles from ocean to ocean.

They know that it is endowed with a richness of natural resources beyond the power of man to calculate. Above all they rejoice in its attainment to a place and a voice in the councils of the nations.

Retrospect is often pleasant. The true Canadian has little time for the past. His heart and mind are on the present and the future. He knows that if his country is to come to full fruition as a nation it must be by still further efforts on the part of its people individually and collectively. No single province within the Dominion's far-flung boundaries can afford to disregard another.

Each must be in sympathy with all the rest. The East share in the problems as well as in the joys and prosperity of the West. The West must have faith in the East. Bound by an inviolable but unbreakable chain of mutual affection and goodwill they can, and will, put and keep Canada in the very vanguard of the world's great nations.

The development of the national spirit has been fostered in many a home of peril, difficulty and struggle. It is beginning to bloom in beauty and strength. Its progress has been greatly advanced of late years by the action of important organizations in sending delegations to many parts of the country, so that their members may add to their first-hand knowledge of their homeland. Such an organization is the Montreal Board of Trade which will celebrate the one hundredth anniversary of its founding on September 3, a thirty

days' tour of the Dominion. The members will not only see the country in all the glory of its most beautiful scenic settings, but the journey will be so arranged as to give them a new perspective of its wealth of soil, forests, mines and waters, and impressions of its industrial and commercial growth that would be impossible of visualizing in any other way.

From Montreal the party will travel westward via Toronto and the Great Lakes, thence from Port Arthur to Winnipeg, the greatest primary grain centre on the continent, across the vast prairie lands and through the Rockies to Vancouver and Victoria.

On the return journey they will make the 550-mile cruise up the north Pacific Coast from Vancouver to Prince Rupert, one of the palatial Canadian National Railways steamers. This part of the journey will give the party a splendid idea of the development in the mining, lumbering and pulp and paper industries of British Columbia, with all their future possibilities. At Prince Rupert, Canada's most northerly Pacific port, hewn out of the solid rock of Kaien Island, there will be every opportunity to gain an insight into the enormity of the halibut and salmon industry of the province. From Prince Rupert, the party will spend a day at Jasper Lodge, the new Alpine chalet built on the shore of Lac Beauvef by Canadian National Railways, and the first of a series to be built throughout these Northern Canadian Rockies. At night they leave for Edmonton.

From Edmonton the homeward route will be through the rich farmlands of the northern part of the prairie provinces to Winnipeg following the trans-continental line of Canadian National Railways through the rich pulp forests and new farm lands of Northern Ontario to Cochrane, down through the famous Cobalt mining districts over the Temiskaming and Northern Ontario Railways to Nottawasaga, thence to Ottawa and back to Montreal.

Next Jasper Park, another mountain kingdom, but of greater extent, embracing 4,000 square miles of sublime mountain scenery, is entered. ## SUNDAY SCHOOL LESSON

LESSON FOR SEPTEMBER 17

THE MESSAGE OF MALACHI

The subject of today's lesson is broader than the text, especially the verses printed. The best way to teach this lesson is to give a survey of the entire book.

Malachi was perhaps contemporary with Nehemiah; probably sustained the same relation to Nehemiah that Hagai and Zechariah did to Zerubbabel. After the completion of the walls of Jerusalem Nehemiah seems to have been called back to the Persian court, but returned to Jerusalem after a few years. Though outwardly the lives of the people were correct, the prophet pointed out the sins of a corrupt priesthood, mixed marriages and a failure to pay tithes.

I. Israel's Base Ingratitude (1:1-5). God approached them with the tender affirmation "I have loved you." It was the prophet's burden to declare that fact; must cost something. We must be worthy of the love of God, and worldly were the people that they failed to see God's hand upon them.

The attitude of Israel to God is shown in the skeptical insinuation "Wherein has Thou loved us?" The prophet answers this by showing God's choice of Jacob and His passing by Esau; His destruction of Edom and saving Israel.

II. God's Severe Indignation (1:6-17). 1. Against the Priests (1:6-9). They were guilty (1) of profaning the name of God (1:6). Their profanity was in despising the name of God. To fail to honor God is to be profane. To use His name in any unbecoming way is to be guilty. (2) Sacrilege (1:7, 8). Their sacrilege was in offering polluted bread and blemished sacrifices. To bring such offerings to an earthly ruler would be a gross insult. Gifts to be acceptable with God must be pure; must cost something. We should give to God our best. There is no intellect too brilliant to offer in the Lord's service. The young should not esteem their lives wasted who offer them on the altar of missionary service. (3) Dishonesty (1:9). They were not willing to open the doors of God's house without pay. Our service should be out of a heart of love for God, not for profit. This has a vital application to ministers and evangelists today. To enter Christian service because of worldly gain is of this type. (4) Weariness (1:12, 13). Because of lack of love the routine of duty became irksome. (5) God teaches the heart to love His people (2:15). Those set apart to teach God's law to the people have a great responsibility and God will most surely demand an accounting.

2. Against the People (2:14-17; 3:7-12). (1) Against mixed marriages (2:11, 12). God's purpose in the prohibition of mixed marriages was that He might raise up holy seed (v. 15). The marriage of the believer with the unbeliever today brings confusion into the fold of God and turns aside His purpose. (2) For divorce (2:13-16). Divorce was the source of great sorrow—even the tears of the wronged women covering the altar (v. 13). The offerings of a man who had thus treated his wife would be an abomination to God. The tears of wronged women today are going up to God and make even the prayers of some men an abomination to Him. (3) Public sins (2:17). Sorcery, magic. Those who practice such things should be regarded as public offenders (B) Adultery. This is a sin of wider extent than the parties connect with it. (c) False swearing. (d) Oppression of the hireling, wife and fatherless. (e) Turned aside the stranger from his rights. (4) Blasphemy (2:13-15).

III. The Severe Judgments Which Shall Befall the Nation (3:1-5). 1. By Whom Executed. This is done by the Lord. Judgment has been committed to the Son of God (Acts 17:30-31).

2. Time of Coming of Christ. John the Baptist was the forerunner of His first coming. Elijah shall be the forerunner of His second coming.

3. Result. For the righteous it will be a day of healing and salvation. To the wicked it will be a day of burning and destruction. A book of remembrance is now being kept. A day of retribution is coming.

Every workman in Japan wears on his cap an inscription telling his business and his employer's name.

Miller's Worm Powders prove their value. They do not cause any violent disturbances in the stomach, any pain or griping, but do their work quietly and painlessly, so that the destruction of the worms is imperceptible. Yet they are thorough, and from the first dose there is improvement in the condition of the sufferer and a cessation of manifestations of internal trouble.

Big Alberta Crop

Southern Alberta will have a 30,000,000 bushel wheat crop this year, according to D. C. McDonald, a farmer of long experience and grain broker, who considers this estimate conservative for the territory south of the Canadian Pacific main line to the international boundary. He estimates that the wheat crop of the entire province will top that of 1920 when 22,712,733 bushels were threshed.

London Feasts on Herring

One hundred tons of herring come to the London market every day.

In the letter boxes in New York City several hundred loose stamps are found every day.

Physicians in Error

Diagnosis in Lung Cases Far From Correct, Says French Doctor

Doctors often fail to diagnose correctly lung consumption as distinct from other respiratory diseases, according to Professor Erist, of Paris, in a recent address before the British Medical Association.

The speaker said that in 1916, at Compiegne, 195 men were sent into hospital with a diagnosis of tuberculosis. Observations showed the diagnosis to be just in only 23 cases. The 139 other cases, he declared, were undoubtedly non-consumptive.

In 1918, Dr. Erist examined 342 men in Paris, said to have consumption. Of these only

## JUDICIAL SALE

### TOWN PROPERTY

Pursuant to the Judgment and final Order for Sale, there will be offered for sale by James William Stuart, auctioneer, at the premises hereinafter described in the Town of Wainwright Alberta, on

SATURDAY, the 30th day of SEPTEMBER 1922, at the hour of 2:30 o'clock in the afternoon, the following lands and premises, namely:—  
Lots 3 and 4 in Block 14 in the Town of Wainwright, Alberta as shown upon a map or plan thereof of record as Number 6445V, excepting thereout all mines and minerals and subject to the reservations expressed in the original grant from the Crown and in the existing certificate of title.

The Vendor is informed that the above premises are situate in the heart of the business district of the Town of Wainwright, an important Divisional Point on the Canadian National Railway, G. T. P. main line.

That there is a substantial building on the lots in which until recently there was carried on the business of a livery and sale stable.

The property will be sold subject to a reserve bid and to all outstanding taxes.

The terms of payment are ten per cent of amount of purchase money on day of sale, and the balance within sixty days thereafter without interest.

In all other respects the standing conditions of sale of the Supreme Court of Alberta as approved by the Master in Chambers will govern.

Further particulars may be had from Messrs. Fieldhouse & Hunter, Wainwright, Alberta Solicitors for the Vendor.

## HOW MUCH IS A SHELTER-BELT WORTH?

How much a shelter-belt of trees about the buildings and garden on a prairie farm in Canada is worth has been under frequent discussion of late. In Bulletin No. 72, "Success in Prairie Tree Planting," issued

by the Director of Forestry, Ottawa, forty farmers scattered over the prairies between Winnipeg and Edmonton estimate the value of shelter-belts they have planted on their farms at from \$300 to \$3,000, with an average of about \$1,000. That this is a reasonable valuation is confirmed by a recent decision of an Alberta court. In this case the tenant of a farm had allowed cattle to get into the tree belt with the result that they had almost destroyed it. The owner at the termination of the lease sued the tenant for damages. A number of witnesses were heard. One witness for the defendant contended that with good care and attention and the planting of fifty to one hundred new trees the damage would soon be repaired. On the other hand witnesses for the plaintiff estimated the damage at from \$1,500 to \$2,000. After reviewing the evidence, the learned judge stated his conclusion as follows: "On the whole I think the proper amount to allow would be \$1,000. I think with the expenditure of quite a bit less than this sum, and with care and attention for a few years, the wind-break can be made practically as good as ever. But the value in the meantime will be lost, and therefore I think the amount mentioned is not excessive." Judgment was given on this basis.

## ITS ISN'T THE CHURCH IT'S U

It isn't the preacher's flowery prayer

Or the way the choir sings

Or the size of the coin your neighbor gives.

Or the help your brother brings.

It isn't the size of your favorite church.

Or the cost of your favorite pew.

Or the style of the clothes the members wear;

For it isn't the church it's you

It isn't the way the work is done

Or the way the money's spent

Or whether the gospel's all brought in

Or whether there's some that's sent.

It isn't the kind of creed they love

Or the peculiar things they do.

Or whether the doctrine suits your taste;

For it isn't the church it's you.

For a chain's as strong as the weakest link.

And it breaks with a heavy load.

But a church that's full of the links that pull

Can level the roughest road.

If you get in tune with a Master's will,

With your heart and your honor too,

You will love your church though it has its faults,

For it isn't the church, it's you.

## PARK AREA NOW TOO RESTRICTED

Advices from the Department at Ottawa state that there is no race suicide at the Wainwright Buffalo Park, according to a recent census. On the contrary the former monarches of the prairie have been increasing to such an extent that the vast tract of land set aside for their use is insufficient to accommodate them. An edict has gone forth that a number of the older animals are to be slaughtered, the carcasses to be sold to northern trading companies to be converted a rare delicacy in the vicinity of the Arctic. The dominion government will retain the hides.

## THE JACK-ASS FABLE

Some citizens in a certain town had acquired in common with other folk, in the most favored country of the world a very bad custom. Through the difficult years in the wake of the World War, they learned the art of whining. Talk to one long enough and at ends on the jack-ass note of "Times are hard" or "Money's tight." And so they went from day to day, taking the joy out of life, and clouding the horizon for men and women who would "Carry On," as did their kind in France. The whining habit is neither nice nor useful. It never accomplished anything. It taints the atmosphere for happier folk; and persists in its victims, long after the sun of Better Times can be clearly seen in the East.

"Smile, Brother, Smile!"

Moral:—"We will not pass this way again."—E.N.

## Another PRICE Suggestion Doughnuts and Crullers

**DOUGHNUTS!** There is nothing more wholesome and delightful than doughnuts or crullers rightly made. Their rich, golden color and appetizing aroma will create an appetite quicker than anything else in the world.

Here are the famous Dr. Price doughnut and cruller recipes:

(All measurements for all materials are level.)

### DOUGHNUTS

3 tablespoons shortening  
1/2 cup sugar  
1/2 cup milk  
1 teaspoon nutmeg  
1/2 teaspoon salt  
3 cups flour  
4 teaspoons Dr. Price's Baking Powder

Cream shortening, add sugar and well-beaten egg; stir in milk; add nutmeg, salt, flour and baking powder which have been sifted together and enough additional flour to make dough stiff enough to roll. Roll out on floured board to about 1/4 inch thick; cut out. Fry in deep fat hot enough to brown a piece of bread in 60 seconds. Drain on unglazed paper and sprinkle with powdered sugar.

## Comfort for Children at Sea

The Children's Room on a trans-Atlantic liner.

It is not an unusual thing in these days for young children to cross the Atlantic alone. During the last few months the passengers on the trans-Atlantic lines of the Canadian Pacific carried some very young unaccompanied passengers. In such cases the officials and stewards of the ship take charge and see that the children are well looked after in fact the children are usually so happy on board that they are glad to have an opportunity of repeating a trip.

Miss Hilda Kershaw, a girl aged 9 years, made three trans-Atlantic trips. First she went from Liverpool

to Montreal with her relatives. Later she crossed on the "Metagama" from Montreal to Liverpool. She afterwards came from Liverpool to Montreal in charge of a stepmother aged three years. Amongst the best friends of this little girl is Captain Gillies of the "Metagama."

A feature of the Canadian Pacific ships is the play room and nursery for children. Here they are provided with all the comforts of home. In case of necessity, medicine and nursing attention is provided. Very often babies are born on board, and the circumstances of their nativity are made so comfortable that they are generally named after some of the

officials or stewardesses of the liner which is the scene of their birth. The "Metagama," on which the above photo was taken, is one of the Canadian Pacific ships known as "Monoclass," which means that there are just one class of passengers accommodated, other than steerage, as distinct from the ships that carry first, second and third class passengers. These Monoclass ships are comfortable and luxurious, and possess all the advantages that one can desire in travel, from the nursery and playroom for children to an up-to-the-minute daily paper published aboard for those interested in world affairs.

the joint associations, when votes of thanks were passed to all who had assisted in making the 1922 convention the best ever conceived and carried out, and a resolution was carried unanimously that a joint session be held in 1923 also, the place of meeting to be Jasper Park, Alberta.

The railway boys are pretty good fellows when one gets to know them and this can truthfully be said of Mr. C. Higgins, of the Can. Nat. Rwy., and Mr. F. Trautman, of the C.P.R., both of whom spared no efforts to make the trip possible and enjoyable for so many; and more than passing notice must be paid to the Okanagan Fruit Growers' association, for all along the way as well as on the two boat trips heaps of luscious fruit was on hand with luscious fruit were on hand with the injunction:—"Help yourself!"

The personal thanks of the editor are due to Mr. Louis Ball, of Vernon, who, as president of the B.C. & Y. association, did so much to make the joint convention possible and also to Mr. W. K. Clark, mine host of the Nation hotel at Vernon, where the Alberta boys made their headquarters. Indeed, this house was somewhat of a revelation, for not only was everything done to provide comfort for the party but special facilities were on hand to fulfill every want—expressed or implied. The menu service, containing as it did of 5-course lunch and 7-course dinners, was one that can well be copied by hostels in many larger cities we know of, and the whole of the premises being fully modern in character made our stay while there that much more pleasant.

Mr. Walker of "The Commonwealth" Enderby, is tendered our thanks also, for the beautiful 50-mile auto drive which he gave several members who were obliged to catch the main line train on Sunday morning. We left Okanagan at 6:07 a.m. and caught the train at Salmon Arm at 8:10 a.m. after making two stops

Popular C.P.R. Official Receives New and Important Post.

A joint circular issued by the Canadian Pacific Railway and Canadian Pacific Steamships, Limited, announces that Mr. Allan Cameron has been appointed Oriental Manager, with office at Hong Kong to take up his duties on October 1st.

Mr. Cameron joined the C.P.R. at Winnipeg in 1907. At various times he has held important positions at Vancouver, Victoria, Portland, Oregon, London, England, and New York. As Superintendent of the Lands Branch of C.P.R. activities he was very successful, and takes up his new and responsible position with the good wishes of a host of friends.

Port Cennitlam, B.C.—On July 29 the city treasurer received \$16,000, the C. P. R. taxes, which were not really payable until August 31. There is a provision in the City Hall for these taxes are the first paid since the expiry of the by-law fixing the flat rate.

St. John, N.B.—All the C. P. R. employees now living who served in the recent war will have a token to commemorate their service in the shape of a scroll which is a find piece of work and is almost a copy of the large bronze tablet unveiled by the C. P. R. here on April 29, 1922. The scroll is signed by E. W. Beatty, President C. P. R., and R. Alexander, Secretary. The inscription on the scroll reads:

"In honor of duty nobly done. This scroll serves to commemorate that while in the service of the Canadian Pacific Railway (the recipient's name appears here), relinquished his position in response to the call of King and country and served during the Great War 1914-1918."

The base of the scroll is set off by the names of the following battles: Ypres, Festubert, the Somme, Vimy, Hill 70, Passchendaele, Amiens, Cambrai, Drocourt-Queant and Meuse."

## To Holders of Five Year 5 1/2 per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

## CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5 1/2 per cent interest, payable half yearly, of either of the following classes:—

- Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmaturing coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,  
Minister of Finance.

Dated at Ottawa, 8th August, 1922.

WHAT SHALL I DO WITH THE MONEY

Many a holder of the Canadian Government bonds maturing December 1, 1922, has been asking this question. The advertisement of the Minister of Finance supplies an answer. The investor, by giving notice to the manager of any of the branches of a chartered bank, can arrange to get new bonds bearing the same rate of interest, the highest possible security and a liberal rate of interest.

An examination of the records of a number of men who have risen to eminence in the United States shows that without a public school education only one person in 150,000 won distinction; with a public school education, 4 per cent. won distinction; with a high school education 57 became distinguished and with a college education 800 won distinction.

Professor A. Caswell Ellis points out in his book, "The New Value of Education," that the necessity of education has increased and will continue to increase with the advance in the complexity of the processes of education. Facts that point to the same conclusion are being used by banks in the United States in advertisements urging young people to stay at school. The need of the well-educated beginner in business was never as great as it is today.

The schools have just opened. There is still to go back. If you had decided to quit school, The Star urges you to reconsider your decision. You will always regret in later life the lack of abetter education, but if you return to school adding to your knowledge and extending your powers of observation and of judgment, you will not only improve your earning capacity, but your whole capacity for enjoying life and of living up to your responsibilities as a citizen of your country will be enormously extended.

PROHIBITION A LESSON FOR C.M.A.

Furnishings of a small Canadian hotel were sold last week to \$2,000. They cost \$40,000. The building, also owned by the same investor, is closed and looking for a bargain-hunter.

Prohibition has ruined many hotel investors and many parts of rural Canada are suffering from lack of decent public house service. It is now admitted that agitation has gone too far. The Ontario Government finds itself under the necessity of evolving a remedy, and has a committee at work in the problem. According to a member, Sam Clarke, M.P.P., one great outstanding cause of public dissatisfaction with the hotel-keeper has been made very clear in the information gathered. As he puts it bluntly: "The hotel-keeper fouled their own nests in the past and now have a hard fight ahead if they hope to regain enough public confidence to warrant them even being trusted again with the sale of spirituous liquors." The big vote against hotel-keepers is proof of the popular distrust.

Running a good hotel is one of the most stable and profitable of businesses. But many men in business in Canada in the past were our real hotel-keepers. They were mere rum handlers who increased sales by encouraging drunkenness and law-breaking. So-called hotels were sometimes dens of infamy. These set the pace. They made the reputation. They lowered the general standard of hotel-keeping. It was not respectable to be a hotel-keeper. Good men shunned it. Hotel-keepers had few friends. They disgusted decent people and we had the usual result—the extremity of legalized destruction to the industry and investment, instead of conservation by intelligent regulation. The committee's inquiries indicate that it is the good men in the hotel business, had got together as workers and investors in the baseball, in the movie picture and lesser industries that have been incurring popular disapproval, and had they employed a reputable, capable, able, autocratic general manager to clean up to insist upon good service; to show the inexperienced how to give good service, the hotel business would not be where it is now. An informed, well-treated Canadian public is always fair. It is safe to say it would have forbidden confiscation and permitted the sales of wine and beers if it had been decently treated by the hotel-keeping class.

There are lessons in this for other organizations. Governments and municipalities may not confiscate present capital but the policy of confiscating earnings of Canadian manufacturers is steadily growing.

The great mass of decent Canadian manufacturers are suffering for the short-sightedness of a few in Ontario who persist in making enemies, until now taxation not tariff, is our great problem—Financial Post.

## VALUE OF EDUCATION

## An Editorial for Young People

The Star places great importance upon the value of education and has on several occasions urged parents to keep their boys and girls at school. In this article we propose to speak directly to the young people themselves, presenting a few facts which ought to capture their attention and induce them to resolve to carry on at school as long as their parents' circumstances will permit them to stay.

First, the young people of Wainwright and Alberta should know that the business men of the country are giving much thought to this subject. They are demanding a higher standard of education both for boys and girls entering business life, for two reasons; they know that the better-educated one is, the better the service that can be rendered to the employer, and they know also that a good education more fully equips and makes one's life richer and fuller. Hence we have the Rotary Clubs of Canada and the United States centering their boys' work activities to a large extent around the school and putting on "Back-To-School" campaigns, and making surveys of the boy life of the community to discover those who plan to leave school, this latter work being undertaken in the hope of influencing young people to continue on at school.

Mr. Harry B. Cradick, of Minneapolis, a director of International Rotary, has assembled certain facts to which the young people of Alberta should give some thought. Here is one case, the record of which was kept in Brooklyn, N.Y.: One group of boys quit school at 14 years of age and went to work. The second group continued through high school. At the end of 11 years from the time the first group of boys went to work it was found that they had earned \$5,122.50 per boy. The second group in seven years, had earned \$7,357.50 per boy, or an average of \$2,235 more per boy than the other fellows who had quit school with the less complete education.

An examination of the records of a number of men who have risen to eminence in the United States shows that without a public school education only one person in 150,000 won distinction; with a public school education, 4 per cent. won distinction; with a high school education 57 became distinguished and with a college education 800 won distinction.

Professor A. Caswell Ellis points out in his book, "The New Value of Education," that the necessity of education has increased and will continue to increase with the advance in the complexity of the processes of education. Facts that point to the same conclusion are being used by banks in the United States in advertisements urging young people to stay at school.
